ADVANCE THE SPARK

Time really flies when you are having fun! Here we are at the end of September and it seems like yesterday when we had our installation banquet and began this year. October is nominations month for the Club Board. There are three positions on the Board that need to be filled. Board members guide the club during the year in planning events, meetings, charitable endeavors, etc. This is a great opportunity for new members to input new thoughts and ideas for the club.

Julia has started taking reservations for the Installation Banquet on January 5. The cost to members is \$35 per person (the Club subsidizes another \$35 per person). What a deal - \$70 paid towards two dinners and dues are only \$26 per year!

Next year's Board will need to determine whether the subsidy should be reduced or dues increased. Our

Club dues are less than most other chapters who have dues of \$40 to \$50 per year. Our income from the swap meet, white elephant sale, and raffles is what allows us to do this deficit spending (we can't print money like the government).

The October meeting will be starting early at 7PM. This meeting is our annual pizza night social. It's a great opportunity for socializing and getting to know everyone. After the pizza, we will be having a short presentation by the LA Fire Department on fire safety for vehicles. Nominations for the Board will be conducted. Finally, we expect to have a video presentation on Era Fashions.

See you at the meeting! And finally, advance the spark!

REFRESHMENTS -P i z z a N i g h t

A big tip of the hat to Mike Sriro for taking the initiative to pre-tour the Bridges of Los Angeles trip that we were going to share with the Santa Anita A's. Eighty miles of city driving, small streets that we don't know, the possibilities of getting very lost all loomed large in his decision to cancel our end of the odyssey. Of course, after a brilliant career in dentistry, he certainly knows bridges!

*Paris reveals her
stitch-hiding secret to help
you make lovelier frocks*

London uses mercerized thread, too! In this smart frock that says "England" in every line, the dressmaker who makes some of the most swaggy British country clothes, has used mercerized thread in every seam and finishing stitch. (Model imported from Vivian Porter, London)

They were so lovely, all of them, with their swathed hips, their flaring bows, their interesting gores and tiers. Everything about them was of the very finest—their materials, their trimmings, their accessories. And, in every gown, velvet, chiffon, moiré, satin—the Paris dressmakers had hidden their stitches with mercerized thread.

For your frocks

In all the frocks you make, you can conceal your stitches just as cleverly and completely, with a better mercerized thread than any French dressmaker can find in all Paris! For you can get a mercerized thread with more than the lustre and the seam-hiding qualities of French thread because—it is actually *boil-fast*. So the stitches you take in your frocks and lingerie can never run and stain your materials or fade into a paleness that no longer matches them.

BOILFAST Mercerized Thread in all the newest shades to match the newest materials, is no further away from your future frocks than the notion counter of your favorite shop. The Spool Cotton Company, 881 Broadway, New York City.

HERE'S a little whisper from Paris, a French dressmaking secret that will help you make smarter, lovelier frocks—"Use mercerized thread to conceal every stitch you take, in every kind of material."

Not long ago we looked at several fashion shows of gowns which the leading Paris dressmakers had sent to Fifth Avenue's smartest shops. These gowns were priced up to five hundred dollars.

For you—a book of helpful dress-making charts—Write for this new sewing book that helps you with cutting, making, finishing your frocks. Full of charts and simple directions! Here's a coupon for your convenience. The Spool Cotton Company, Dept. B-C-2, 881 Broadway, New York, N. Y. I enclose 4 cents in stamps to cover mailing costs for your book "Easy Ways to Pretty Frocks."

Membership Clark Pomeroy

Over the last few months we have enjoyed a steady influx of quests at our meetings and new members joining our Club. I believe this is mainly due to our Web Site and the added exposure it provides. The latest to join our ranks is Mike Petrello from Northridge. He is the proud new owner of a 1929 roadster pickup that has been in storage for many years and needs a little TLC to get it back on the road. Well Mike, you've come to the right place! The many guests that have come by include Diana Parkinson, Mike Ruiz, Ray Mount and John and Sue Baber, just to name a few.

Speaking of membership, it's that time of year again to renew our Club memberships, one of the best bargains in town. For just \$26.00 and a volunteer contribution of \$5.00 to the ACCC, an increase of two dollars over last year, you're good for another year. So let's break out the pocket books and see if we can finish our membership drive by December 31st. Your prompt response is appreciated. Please see the invoice attached to this Rumble Sheet.

Thanks,
Clark Pomeroy

September General Meeting

September 19, 2013

Meeting started at 7:30 p.m. at Galpin Ford in Van Nuys.

President – Harry Next month meeting starts at 7:00 p.m. It is Pizza and Nomination night next month. There will also be a presentation from the fire department. Harry reminds members that our cake is the donation bank for the food bank and while we have over 300.00 in donations the club matches donations up to \$500.00 so we would like to have \$500.00 in member donations. Please consider a donation or two before the end of the year. There are only two meetings left this year.

Membership – Clark introduced several guests and possible new members. The next Rumble Sheet will include an invoice for next year's dues. Please send it in as soon as possible so Clark can get the rosters done early.

Vice President – Chuck reminds members we have patches and business cards with club info available. Jim Lank bought one of two vests for \$5.00 and Susie Bennett bought a green jacket for \$5.00

Betty – Fashions brought articles and coupons for PickWick fashion show. She also brought a dress to sell – 1928 – 1929 era.

Kathy Monheit tells members about a store that sells lots of era handbags. The store is called Ant-tiques and is on Ventura and Hazeltine.

Tours – Mike Culp reminds us that International Model A Day is being celebrated by the club on Saturday September 21 with a tour to the El Segundo Movie Theater and lunch. The weekend of October 5th and 6th is the Frasier Park Pot Luck.

Diana Lohr reminds us that the blanket tying party is October 20. It will be held at Alan Bennett's office as in years before. This is a great time to spend with friends and we always have a great time.

Joe B – Treasurer gives his treasurer report and has copies at the front table for interested members.

Mike Sriro lets members know that there is a car show at Galpin Ford this next weekend.

President – Harry discusses next year's swap meet/parts exchange. The location where we have been exhibiting has become too small and they would like to move the event to a new location on the same property. This new location is not good for the club so we are going to scout out a location that is large enough for the event. The swap meet pays a large part of the clubs financial support for our banquet as does the white elephant sale.

The 50/50 of \$80.00 was won by Pat Farnes.

Joan Olson won the Ladies Only which was donated by Betty Salverson.

Jim Rummel reported that there are 54 people tonight and 3 Model A cars.

The meeting was adjourned at 9:30 p.m.
